INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1949 edition of the Concord City Directory, which also includes the rural routes emanating from the Concord Post Office. This is the first Hill Directory of Concord, and is completely standardized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of Concord's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Concord to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Concord Directory will fulfill its mission as a source of authentic information pertaining to the city.

Six Major Departments

The six major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 17 to 377, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Concord, and the name, official personnel, nature and address of each firm and corporation in the city. A special feature of this section is the designation of the number of children under Directory-listing age in each household.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 96, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Concord. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Concord, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 477 to 542, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the com-

mercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 545 to 611. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

THE CONCORD RURAL ROUTES DIRECTORY extends from page 613 to page 632, on white paper.

THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, begins opposite page 611.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Concord. There are more than 600 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which the Hill Directory Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,
Publishers.

CONCORD

YOU'LL LIKE CONCORD, NORTH CAROLINA

**By Harry Lee Johnston, Secretary, Concord
Merchants Association**

This community was founded in 1793, and named Concord because the Scotch-Irish settlers of the west and the German-Dutch-Swiss of the east had reached an agreement in a dispute over the location of the county seat by placing it midway between the sites advocated by the two factions.

The city of Concord is located in the heart of the famous Piedmont Plateau, which section is noted for its industry, rich farm lands and climate. The city occupies an ideal elevation of 703 feet. It is only three or four hours' drive from the seashore or the mountains, and the climate is regarded as near perfect.

Concord is on the main line (double tracked) of the Southern Railway, and is 359 miles south of Washington and 289 miles north of Atlanta. The county also is traversed by the Norfolk-Southern Railway, which runs from Charlotte, N. C., to Norfolk, Va. These railroads give the city and county excellent passenger and freight service to all leading markets, both North and South. The city also has excellent motorbus transportation, with direct service being maintained to all nearby points.

Concord is located in, and is the county seat of, Cabarrus County, and has a population of over 20,000 within its corporate city limits. The 1949 population of Greater Concord is estimated at 26,650. The city has shown a steady growth through the past several years, and is now one of the best managed cities in the country and is in excellent condition financially. Living and working conditions are excellent, and the unemployment percentage is low.

The county has an estimated population of over 66,000. Concord serves a trading area containing some 100,000 people, and with the splendid system of highways and good roads leading into the city, it offers an ideal trading center.

City Government

Concord has the aldermanic form of city government and the governing body consists of a mayor and seven aldermen, with one alderman elected from each of the city's six wards, and one at large.

Concord now has a tax rate of \$1.32 per \$100 valuation. The total assessed valuation of real and personal property for tax purposes is \$18,300,000.

The city always has enjoyed good government, and its financial affairs have been ably handled. It has an efficient engineering department, and has modern facilities for handling this work. Protection is afforded to citizens and property of Concord by a police force of 25 members, and a modern and efficient fire department equipped with the latest devices in fire-fighting equipment is maintained.

City Facts

Organizations and clubs in the city include the Merchants Association; Merchants and Manufacturers Club; Chamber of Commerce; Junior Chamber of Commerce; Country Club, with golf course; Rotary, Lions, Civitans and Optimist clubs; Junior Charity League; Young Knights of America; American Legion post; Salvation Army post; Red Cross organizations; Women's Club, and numerous other organizations, as well as branches of practically all leading fraternal orders.

Public buildings and plants include the City Hall, electric plant, water system, telephone system, gas plant, public library, and the new Community Center building. The last-named houses the public library.

Concord has 36 churches representing thirteen denominations. There is a modern hospital, including facilities for colored people. A modern fire-proof hotel is considered one of the finest 100-room hotels in the South. A newspaper, the Concord Tribune, is published daily and Sunday, with Associated Press and United Press wire services and NEA Features, and Radio Station WEGO. Postal receipts for the year of 1946 amounted to \$150,415.22.

Approximately thirty miles of paved roads; electric meters, approximately 6,000; water meters, approximately 5,000; gas meters, 989.

Agriculture

Cabarrus County is primarily a center of agriculture, being in the midst of the famous Piedmont Plateau, noted for its fine farm lands and excellent crops. Cabarrus lands grow cotton, wheat, oats, potatoes, apples, peaches, corn, hay, vegetables and numerous other agricultural products.

Education

Concord and Cabarrus County are fortunate in having fine schools and colleges. The city has six modern school buildings, with an enrollment of 3,500 pupils. In the county there are six consolidated high schools and 21 elementary schools.

In addition to graded and high schools, there is located in Concord a fine college for colored girls, known as Barber-Scotia Junior College. This college has been in existence for a number of years and is regarded as one of the best schools of its kind in the South. Also there is a modern business and commercial college here—the Evans College of Commerce.

Located about four miles southwest of Concord is Stonewall Jackson Manual Training and Industrial School, a State institution for boys. Boys in this school are taught various trades to fit them for later years.

Stores

Concord is fortunate in having fine, modern and well-arranged stores to meet the needs of the buying public. Concord merchants can be depended upon to carry the best merchandise in every line.

Industries

Products manufactured in Concord include the world-famous Cannon towels, sheets, pillow cases, wash cloths, bath mats, pot-holders, blankets, diapers, gauze pads, bibs,

gift ensembles, beach outfits, draperies, curtains, upholstery, shades, plain and fancy cloth, paper boxes, venetian blinds, ladies' full-fashioned and seamless hosiery, men's half hose, rugs, bottled drinks, cotton oil, furniture, flannels, outing, tire fabrics, cottonseed oil, cottonseed meal and hulls, and a variety of articles made from iron and steel. In all, it is conservatively estimated that there are 85 manufacturing industries, large and small, in Greater Concord.

Banks

The city has strong banking institutions which have served the citizens and the community for a long number of years. There are three banks—one state and two national—and also the city is served by three building and loan associations, and other financial institutions with total assets of approximately \$56,000,000.

Public Utilities

Concord's water and light department is municipally-owned and has a valuation of \$2,379,987.13. Electric rates rank among the lowest in the state. The water facilities supply 4,000,000 gallons of water daily; sources, Lake Concord, capacity, 400,000,000 gallons, and Lake Fisher, which has a capacity of 1,100,000,000 gallons.

The Public Service Co. (gas company) has been an important factor in the development of Concord for nearly thirty years. Its gas is available for a wide variety of uses for homes and commercial and industrial establishments.

The Concord Telephone Co. has served the people of this community continuously since 1897. Several years ago it installed a new and modern dial system to speed up and take care of the great volume of business.

Recreation

Six movie theatres (two for colored); golf course; Country Club; supervised city-wide recreational program for children; Boys Club of America.

Some Points of Interest

Home of Victor Barringer, oldest home in Concord, where Jefferson Davis spent a night in April, 1865, when he and his cabinet fled southward from the besieged Confederate capital in Richmond, Va.; Reed's Gold Mine, where the first gold in the U. S. and the world's largest nugget was found; original home of Cannon Mills, largest manufacturers of towels in the world; Stonewall Jackson Training Schools for Boys, named for the great Confederate leader; Rocky River Presbyterian Church, organized in 1754; birthplace of Robert Hall Morrison, first president of Davidson College; birthplace of Hezekiah James Black, author of the Mecklenburg Declaration of Independence; home of the Cabarrus Blackboys, who took part in the famous Gunpowder Plot in May, 1771; beautiful Memorial Gardens; St. John's Lutheran Church, founded in 1738.

Building Supplies

More goods are bought and sold through
the Classified Business Lists of the Direc-
tory than any other medium on earth.

MORE GOODS
ARE BOUGHT AND SOLD
THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH

VITAL INFORMATION AT YOUR FINGER-TIPS!

● Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

More People Are

SEEING CITY DIRECTORY ADS

WHY A Buyers' Guide?

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

***It is customary to include a Buyers' Guide in the City Directory because:**

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

CLASSIFIED BUYERS' GUIDE OF THE CITY OF CONCORD

(NORTH CAROLINA)

1949

The Buyers' Guide contains the advertisements and business cards of the more progressive business men and firms in the city, classified according to lines of business.

WHY A BUYERS' GUIDE ?

★ It is customary to include a Buyers' Guide in the City Directory because :::

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED

CAUTION . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

HILL'S CONCORD

Directory of Householders, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide

1949

Copyright, 1949, by Hill Directory Co., Inc.

In the following list the streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Figures following names denote number of persons living at that number.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(c) denotes colored.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance)

MORE GOODS
ARE BOUGHT AND SOLD
THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH

Out of Sight - Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Use Our Library of
**OUT-OF-TOWN
CITY DIRECTORIES**

A complete library of out-of-town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.
